OLD BUSINESS

Letter will be mailed tomorrow about the gate code change to the City.

Fire Extinguishers will be checked and re-certified this Friday.

New signage about recommending face masks in the club house rather than being mandatory.

New Business

The new website is up and running... Any problems, please report the glitches, etc. to Laurel Tench

Dave Pauls has the responsibility delegated by the executive of overseeing and the care and control of C-GETL, our C-172 airplane. He has reported that a club member who has been checked out but who has not provided the necessary paperwork to be allowed to fly the club plane has been flying the plane.

This person has flown the club plane at least three times despite not providing the necessary paperwork to Dave. This person has had multiple e-mails and telephone calls by Dave informing him that he is not to fly the plane until he provides the necessary paperwork to Dave. He has since flown the airplane despite being told not to fly it until the paperwork is provided.

The decision of the members present at this meeting along with the Executive members present is that a registered letter will go out to the club member informing him (yet again) that he is not to fly it until the paperwork is provided to Dave Pauls satisfaction and that a letter from Dave Pauls authorizing him to fly it is received from Dave.

In the interim, to preclude any further problems, Dave will have care and control of C-GETL books and keys. The Executive apologizes to the members that legitimately fly our club plane and follow its rules and that we have had to resort to this procedure.

The name of the club member offending our rules has not been named at this time and we hope and trust that we can get back on track without further problems.

Currently we try to use 100LL in GETL. We will go back to trying to use Mogas on GETL with some 100LL when convenient.

Barrel Draw: Kevin Callaghan name was drawn but he was not here.
\$50.00 will be available for the next meeting.

Motion to adjourn by and seconded by Dwayne and Dale to adjourn at 7:35 p.m. Carried.

Next general meeting: Tuesday, August 10th, 2021 at 7:00 p.m.
