Roger has asked Max to lead a refresher on the E6b in the new year, more info to come.

Roger put forward an idea for painting GETL, this would involve club volunteers and would allow us to refresh some of the more tired areas of the plane's paint at a reasonable expense. This lead to discussion of how

to refurbish the interior as well. Mike Kaban put forward a motion for the Club to spend up to \$5000 on exterior supplies to paint GETL and up to \$2500 for interior repair/refurbishment. It was amended to a maximum of \$7500 for both interior and exterior allowing funds to be moved between the two jobs as needed. seconded by Tye Leishman. Carried.

Motion to adjourn by Jordon Enns, 2nd John Welsh. Adjourned 7:37pm

Barrel Draw: Mike Kaban's name drawn for \$10, and he was there. \$10.00 will be available for the next meeting.

Next general meeting **Tuesday December 12th at 7:00 pm**
