

Good evening all WFC members,

I'm pleased to announce that we are going live with your jointly owned crew car in Courtenay.

There's a lock box with the car keys in it on the wall behind the Bar in our clubhouse. The code is the last 4 numbers of the Courtenay frequency.

The directions on use are as follows:

You fly over to CAH3 and park in visitor parking.

Walk to the Sealand office and unlock the door of the ugly green Toyota Camry.

Pop the hood by your left ankle and turn ON the battery disconnect switch on the top of the battery. If it was left on, call the last guy that used it and tell him!!

Check the oil, brake fluid and coolant.

Fill out the use agreement in the binder beside the seat each time you use the car.

Immediately text a photo of your page to 604-483-5111

Leave your page in the binder.

When you're done, park it where you found it, pop the hood and lock the doors.

TURN OFF the battery switch, shut the hood.

Return the keys to the Lock Box in Powell River.

This is your car, please look after it. If the last guy left a mess, call him out and clean it up.

When you get a chance, please thank Sealand for the parking, we really appreciate it.

My phone number is all over the use agreement in the binder and on the lock box. If you have any questions, simply call me. I was a mechanic and motor vehicle inspector for most of my life, I will probably have the answer to your question and if I don't I'll find it.

Mike Kaban
WFC Treasurer
